The deputation were listened to with the closest attention, and advanced their reasons and arguments with tact and eloquence. Referred to Committee on Education and Printing.

A list of orders given by the Warzen and clerk during the interval since last session, was read and referred to committee on County Property.

The report of the committee re Treasurer's bonds and the premiums thereon was read and laid on the table. Mr. Riley asked if the committee had any further business, and, being informed that they were just for the year, he said they were not worth the paper they were written upon, only for the year.

Considerable discussion ensued, in which Messrs. Gargemien, Allen, Mylin, Keech, Symmion, Riley, Martin and the auditor took part, relative to the bonds of the Treasurer.

The Treasurer was heard, and stated that the opinion the Guarantee Co. could not

held for any deficiency back of the last week audit, and the members of the Keams school arbitration board, held over till to-day, was taken up, and the Clerk read the particulars as to the cost of the arbitration, which amounted to \$20.40.

Now, if an accident occurred, the Township would be liable for damages. If they had to keep the road in repair, they surely had a legal right to be paid for it.

Mr. Oliver stated that this was the first he had heard of the matter. He was satisfied that the Township should be paid, and hoped it would be duly considered.
